SUBJECT: Final Website Updates & Contact Form Completion

Good afternoon, Sofia,

I hope you're doing well. I'm writing to update you on the latest additions and confirm that all requested features have now been successfully completed.

We've implemented your final request regarding the **new Contact Form page**, and I'm pleased to share that it meets all outlined requirements:

Contact Form Page Completed

The new form now includes:

- **Full Name** (text input)
- **Email Address** (email input)
- **Preferred Contact Method** (dropdown: *email, phone, or none*)
- **Message**

To support accessibility and clarity:

- The layout is **clean and highly structured**, avoiding visual clutter.
- The page contains **no flashing or overwhelming elements**.
- All instructions are written in clear, concise language.
- **Accessible, unambiguous error messages** guide users if fields are left blank or completed incorrectly.
- There is **data validation** to make easier for user not to miss input/click their forms

Additional Requested Updates

We have also finalized the remaining sections of the website:

Anime Review Page

- Fully completed with the final design and user reviews.
- Structured with consistent styling, spacing, and visual hierarchy.

Shopping Cart Page

- The cart page is now complete and functioning in its visual form.
- We included sample items in the cart (as you saw in the screenshot) to help demonstrate how the interface looks and operates.
- Layout maintains clarity and ease of reading, with totals, item images, and actions clearly displayed.

Your website continues to reflect a cohesive design style with strong accessibility, readability, and polished visuals. We're excited for you to review these latest enhancements.

This is the link to the site for you to access and review:
